VOLUME XXXIII NO. 290

SEYMOUR, INDIANA, SATURDAY, NOVEMBER 7, 1908.

PRICE TWO CENTS

RESULT IN STATE

Republicans May Lose Only Three On State Ticket.

As the official returns come in and are compiled at the office of the Secretary of State the chances grow brighter for the republicans. All of the returns will not be in until late this evening and the result is so close in some instances that the result will not be positively known until every county has reported.

The official returns from over eighty counties and the unofficial returns from the remainder indicate that the republicans have elected all their state candidates but three. The governor and superintendent of public instruction are certainly defeated and it appears now that the Lieutenant governor will be a democrat. The secretary of state, auditor, treasurer, attorney general, reporter of the supreme court, statistician, the supreme judge and the appellate judge appear to be elected by pluralities ranging from 200 to 800. All the official figures will probably reach the secretary of state's office by 6 o'clock this evening, therefore late this evening the exact result will likely be known.

The anxiety among the candidates on both tickets has been sufficient to keep them awake nearly 24 hours a day all week.

LATER—At 3:30 this afternoon what is stated above is confirmed. Sims is elected by about 300 majority, Billheimer by 161, Hadley 662, Bingham about 800, Self about 400, and Peetz and Judge D. A. Meyers and Judge Quincy Meyers by a little more than 400.

So Near Yet So Far.

The situation in which James F. Cox, of Columbus, has been placed this week as a good illustration of what a good many other candidates, both democrats and republicans, in Indiana and elsewhere have been experiencing. First the news came on election night that he was defeated. At ten o'clock Wednesday morning he got the report that he was elected and thought all day Wednesday and Thursday that this was true. Telegrams and letters of congratulation poured in from all over the state in large numbers and the friends of Mr. Cox were congratulating him on every hand. The Columbus Herald went so far as to nominate him for governor in 1912 owing to "his magnificent victory" in this campaign. Thursday the tide turned and late that night Cox became firm in the belief that he was defeated. This is Cox's second defeat for the same office and he has worked hard all during the campaign and been at considerable expense. The indications are that his race is very close and that he is not defeated by more than a few hundred. No wonder he has been on the anxious seat during these long days when the complete official returns are being awaited.

Watson Interviewed.

James E. Watson, the Republican candidate for Governor, who was defeated for the chief executive office of the State, attributes his defeat in a statement to the press as follows:

"I was defeated wholly on the question of local option. The liquor republicans were more in favor of liquor than they were in favor of their party. The temperance democrats, on the other hand, were democrats before they were temperance people. The great majority of prohibitionists care nothing about temperance, their only object being to defeat the Republican party, and they voted their ticket. Some temperance democrats voted for me, and those prohibitionists who really cared anything about temperance voted in the same way. The majority of the people, however, have said at the ballot boxes that they were not in favor of county local option, and on that question I was beaten."

Stanley Switzer went to Indianapolis this morning on the late train to witness the football game between Indiana University and Notre Dame. These are two of Indiana's strong football teams and they will doubtless have a hard tug of war on the gridiron this afternoon. Indiana has been more fortunate during the past few years than formerly and her games are always watched with interest.

DIES SUDDENLY

Larkin Nicholson Found Dead In Bed At Medora.

Larkin Nicholson, a well respected citizen of Medora, was found dead in bed at his home early Saturday morning. His death was due to heart trouble. Although he was slightly afflicted with heart trouble for a short time several months ago he soon recovered and was feeling no uneasiness about his condition. His death came as a great surprise to his family and friends. His wife and daughter slept in the same room he did Friday night and when they tried to awaken him this morning were shocked to find that he was dead. From the indications he had been dead only a short time.

He was an honest hard working man and was driving a team at the new brick yard at Medora yesterday, came home and retired as usual in good spirits. His wife noticed him moving some during the night but he made such little noise that it attracted no special attention. Mr. Nicholson had resided in that locality for a long time and farmed on one of the Henderlinder farms for several years. He leaves a wife and daughter. The deceased was a brother of Fletcher Nicholson, of Brownstown. He was a man of good habits and was a member of the Knights of Pythias lodge at Medora.

The funeral services at the United Brethren church at Medora Monday afternoon at one o'clock. Burial at the Heighon Hill cemetery.

Football.

The Franklin High School football team arrived here this afternoon about two o'clock for the game with the Seymour High School. The game was called at three o'clock. Franklin has been claiming the high school championship for Southern Indiana and as the game between Seymour and Franklin a few days ago was so close, 2 to 0 the home team hopes to be the winner this afternoon. Franklin has the heavier team and are well coached but under the leadership of Prof. Edwards the Seymour team has been getting the kind of practice that is required to make successful football players. Both sides are determined and the game is being hard fought but up to this time we have had no report as to which side is proving the winner.

Funeral.

The remains of Joshua Colburn, who died here Thursday afternoon, were taken to Medora this morning for interment. There were short religious services at the residence and the remains were taken from the train to the Methodist church at Medora where the funeral services were conducted by the Rev. H. H. Allen, of this city. Among those who accompanied the remains from here were: David Colburn, of Medora, Mr. and Mrs. Sherman Day, Mr. and Mrs. John Bartlett, John Gossett, Rev. H. H. Allen and Frank Teckemeyer.

To Reopen in December.

The plasterers are at work on the New Commercial Hotel and most of the lathing has been completed. Some of the painting has been done and the carpenters still have a few weeks work to do on the interior finishing and remodeling. Mr. Smith informed us today that he expected to get moved into the hotel some time next month. All parts of the work are being moved along together so as to have as little delay as possible.

Will Spend a Million.

Although industrial notes in the various sections of the country are numerous, one of the best signs or the times, is the report to the effect that the B. & O. has already in hand a million dollars, which they will spend during the coming year on improvements and re-equipment.

Corn Shredder Accident.

John Schill, of Crothersville, came near having an arm torn off in a corn shredder a few days ago. His arm was caught in the machinery but by quick action the machinery was stopped and the result was only a very badly bruised arm.

David Grieves for Absalom; 2 Sam. 18. 24-33

GOLDEN TEXT:—A foolish son is a grief to his father.—Prov. 17: 25.

In the last lesson we left David fleeing from Absalom because of the rebellion, but it was still manifestly true "the Lord preserved David whithersoever he went" (viii, 6, 14). The counsel of Ahithophel, who left David to join Absalom, was as if a man had inquired at the oracle of God, but in answer to David's prayer that God would turn the counsel of Ahithophel into foolishness God saw fit to do it through Hushai, David's friend (xv, 31, 34, 37; xvi, 23; xvii, 14). There is great comfort to a believer in the words of Ps. xxxiii, 10, 11, "The counsel of the Lord standeth forever, the thoughts of his heart to all generations." See also Isa. xiv, 24, and it is our privilege to rest in the assurance of the "all things" of Rom. viii, 28; II Cor. iv, 15, and to take even the cursing of a Shimei (xvi, 5, 12) as permitted by God to show His power in due time and change the curse to a blessing. See the sequel to this event in chapter xix, 16, 20. If we would have perfect rest we must believe firmly that the Lord is roundabout His people, as the mountains, as a hedge, as a fire, and that nothing can possibly come through without His permission, not even the barking of a dog (Ex. xi, 7).

The phrase "David's friend" (xv, 37; xvi, 16) reminds us of Abraham, the friend of God (II Chron. xx, 7; Isa. xli, 8; Jas. ii, 23), and of our Lord's words, "I have called you friends" (John xv, 15). Why not be more worthy of such a royal friend? The friendship of this world is enmity with God, and it is impossible to be a friend of the world and of God too (Jas. iv, 4). The manner of Ahithophel's going out of this world (17, 23) has grown to be the common thing in our day, not hanging, but the taking of his own life, another indication that the return of the King draweth near. Mahanaim, where Shobi and Machir and Barzillai met David and his people with so much kindness, makes us remember the kindness of God to Jacob in some of the dark days and that we, too, have the ministry of angels as well as of visible friends (xvii, 27, 29; Gen. xxxii, 2).

Our lesson chapter opens with the going forth of David's army under Joab, Abishai and Ittai, with the words of David ringing in their ears, "Deal gently for my sake with the young man, even with Absalom" (verse 5). The armies met, and David's followers were victorious. There was a great slaughter of Absalom's followers, and Absalom himself was slain miserably by the hand of Joab and thrown into a pit and covered with a heap of stones (17). His beautiful

head of hair was seemingly his ruin (verse 9, chapter xiv, 26). How often it is that what one prizes most becomes the undoing of such a one! Pride of any kind always leads to a fall. David was prevented from going out with the army, the people saying that it would not matter if half of them died, but that David was worth ten thousand of them (verse 3), so he remained in the city and sat between the two gates to wait and watch for tidings, while the watchman went up to the roof over the gate that he might see afar off and advise the king. David hoped for good tidings, but it must have been with a sorrowful heart and some forebodings. The two prominent words in our lesson verses, "watchman" and "tidings," suggest to us many things and give us a whole study in themselves. Because of a well beloved Son given for us, the only begotten Son of God, the angel said to the shepherds, "Behold, I bring you good tidings of great joy, which shall be to all people" (Luke ii, 10), but the majority of those to whom the good news has come seem not to care whether others hear or not. The lepers outside of Samaria put us to shame, who said in the midst of plenty, while others were perishing, "We do not well; this day is a day of good tidings, and we hold our peace."

A common question asked by those who hear for the first time of the wondrous love of God, as to how long we have known it and why we did not come sooner to tell their friends who have died without hearing, ought to search to the very heart. Do we believe the cry of the watchman, "The morning cometh, and also the night," and, as we think of Israel's blindness, what about obedience to the command in Isa. xl, 9, margin? Alas, there are many who, like Ahimaz, the son of Zadok, insist on running, but have no tidings, and therefore their running is in vain. The message is plain, but we must receive it before we can run and tell it. See Hab. ii, 2. "Make it plain that he may run that readeth it," not, as often quoted, that he that runs may read, which is not in the Scripture. We see in our lesson the grief of a loving father over the untimely death of a wayward son, and our hearts are touched by the cry of the broken hearted father.

What about the heart of God as He gave up His only Son, the holy one, to become a sacrifice for our sins, a sin bearer, a curse for us? Let each one say "bearing my sins in His own body on the tree." Might he not say to us as He bore our indifference, "Is it nothing to you all ye that pass by?"

Faithless New York Bankers Sent to Tombs Prison.

New York, Nov. 6.—Chas. W. Morse, until a year ago a dominant figure in the world of finance, and Alfred H. Curtis, former president of the National Bank of North America, were found guilty last night in the criminal branch of the United States circuit court, on charges of misapplication of funds and falsifying the books of the bank. There was also the additional charge of conspiracy against the prisoners, but the jury acquitted the men on this count.

Within five minutes of the time the jury had rendered its verdict, Judge Hough had refused to entertain a motion for bail and had committed the two bankers to the Tombs prison. Judge Hough said that he would hear today any motions the lawyers for the prisoners desire to make.

The federal statutes provide a minimum penalty of five years' imprisonment for falsifying the books of a bank, and a penalty of two years' imprisonment and \$5,000 fine, or both, for misapplication of funds. No alternative but imprisonment is provided for conviction on the charge of falsifying the books of the bank. The maximum penalty on this charge is ten years' imprisonment. The jury recommended clemency for Mr. Curtis, but made no recommendation in the case of Mr. Morse.

DIDN'T CUT MUCH ICE

Minor Parties Lost Sight of at State Capital.

Indianapolis, Nov. 6.—The minor parties' candidates cut their customary small figure in the result here. The newcomer among them, Hearst's Independence party, came nearest making no showing whatever. Hisgen, candidate for president, got forty-six votes, while the Apple King's automobile whirl was worth only twenty-six votes in this county. Next in unimportance proved to be the People's party. Tom Watson was given a more or less complimentary vote of seventy-five. The doubtful nature of the compliment lies in the fact that four years ago he got ninety-nine. The Socialist Labor's substitute presidential candidate, Gilhaus, got 116 votes. Four years ago the party's candidate got 297. Little significance is to be found in the Prohibitionist and the Socialist vote. Neither party seems to have grown or to have shrunk to a noteworthy degree in Marion county, unless the loss of a

few hundreds of its none-too-many hundreds by the Prohibitionist party may be so considered. The Socialist loss was less. Debs, in fact, getting eight more votes than four years ago, his total in the county being 1,075. The candidate for governor, Goodman, obtained 876 votes, as against the 997 that Hallenberger obtained four years ago. Felix T. McWhirter, Prohibitionist candidate for governor four years ago, got 1,024 votes, while Sumner W. Haynes drew only 775 votes this year. Chapin's vote of 839 is less than the Prohibitionist presidential vote in this county four years ago, also, it being 1,061 then. One thing noted is that while both parties have lost some ground, the Socialists have lost less than the Prohibitionists and have polled a bigger vote than the other.

Without losing any valuable time, the Democratic leaders are getting into a contest over the seat in the United States senate that will be vacated next March by James A. Hemenway, Republican. Three avowed candidates have led off. They are John E. Lamb, Terre Haute; L. Ert Slack, Franklin, and B. F. Shively, South Bend. Lamb spent last night and this morning here in conference with his friends. He advised them that he is a

candidate and that he will appreciate all the assistance they can render. Lamb has been a member of the Taggart organization and it is not likely that he and Taggart would oppose each other. Taggart is looming up as a strong factor in the race, although he has refused to say whether or not he will be a candidate. As he headed for French Lick he said to just tell the Democrats that he is still smiling over the results. He would not even hint that he will be a candidate, yet some of his friends said today that a place in the senate would be mighty sweet to him. Mr. Slack has written letters to all of the Democratic members informing them that he is in the race. Senator Slack is looming up as a strong contender for the place. No candidate is likely to make much headway, however, until it is known whether or not John W. Kern wants the place. It is believed that he preferred being a candidate for senator to being nominated for vice president. Returns today did not change the complexion of the legislature. There will be seventy-nine Democrats and seventy-one Republicans on joint ballot.

Democratic, Republican, Prohibitionist, Socialist, Socialist Labor and Independence party candidates on every ticket, national, state, county and township, now know just exactly how much Marion county desired their election. Taft knows, or may know if he's interested, that 273 more voters were for him than were for Bryan. L. G. Smock, Independence party candidate, knows that just twenty-six voters wished to send him to the legislature. Judge George W. Stubbs of the juvenile court realizes that he is the most fortunate Republican—the only one, in fact—on the whole county ticket. He and Taft, none others, got a plurality. Thomas R. Marshall knows he was the best candidate on his own ticket and that nearly 5,000 more voters made him their choice than voted for Watson.

The county canvassing board has finished its work and has all the figures down in the official "dope sheet" for expert politicians to analyze as they please. All the surprises have been sprung, as far as Marion county is concerned, and nothing remains but to think it over.

Merchant Slain by Partner.

Louisville, Ky., Nov. 6.—S. C. Moore, a furniture dealer, was shot and instantly killed by his partner, Frank Hockensmith at their place of business on Market street near Ninth. The men engaged in a quarrel over a business detail and when the clash came Hockensmith emptied a double barreled shotgun into Moore's body. Both men were members of well known Kentucky families.

Shot at Husband, Hit Wife.

Jefferson City, Tenn., Nov. 6.—Victor McMahon probably fatally shot Mrs. John Wilkes, while shooting at her husband. Wilkes then emptied the contents of a shotgun into McMahon's breast. Physicians declare that there is no hope for the recovery of either Mrs. Wilkes or McMahon.

Ex-President Palma's Funeral.

Santiago, Cuba, Nov. 6.—The funeral of ex-President Palma was held this morning at 4 o'clock. All the government offices are closed and many of the places of business are displaying signs of mourning.

SLATE MAKERS GETTING BUSY

Political Wisacres Fixing Up Cabinet For Taft.

ROOT STILL TO BE PREMIER?

In All the "Dope" Based Upon the Usual Pre-Inauguration Conjecture and Gossip Regarding the President's Official Family, the Name of the Secretary of State Invariably Appears as a Likely Probability for the Head of the Taft Cabinet, Though the Question of His Acceptance Arises Persistently.

Washington, Nov. 5.—The usual cabinet slates, which invariably follow the election of a new president, are making their appearance and political wisacres are busy in forecasting the names of those who will make up President-Elect Taft's official family. Of course there is no authoritative ground whatever for the mention of specific names in connection with the new cabinet, as Mr. Taft has not given the slightest intimation of his intentions, so far as can be learned. But this does not stop the usual conjectures and gossip at the various rendezvous for public men, and it is expected the various Taft cabinet slates will make their appearance from this time forward with more or less outward appearance of probability.

In the speculative comment which is being indulged in, the name of Secretary Root is often mentioned as likely to continue at the head of the state department if he desires to stay. It is known that Mr. Taft has a high regard for his former cabinet associate, but whether Mr. Root would desire to carry the burden of a cabinet position, which has already taxed his strength and health, the cabinet wisacres are not able to determine.

It appears to be the general impression that Secretary Luke Wright will be another cabinet officer to remain, owing to the warm personal attachment existing between himself and the president-elect, including their close association in the Philippines during the constructive period of the American work there. Opinions seem to be divided, however, as to whether Mr. Wright would retain the present war portfolio, or would be given a wider range in his chosen profession, the law; as attorney general Judge Wright was for eight years attorney general of Tennessee, and his father was chief justice of Tennessee.

It appears to be quite generally accepted in the current speculation that Frank H. Hitchcock, chairman of the Republican national committee, will be

FRANK H. HITCHCOCK.

included in the forthcoming cabinet, probably as postmaster general, a post for which he would have practical qualifications owing to his service until a few months ago as first assistant postmaster general in the present administration, a position he voluntarily relinquished to take personal charge of Mr. Taft's interests.

The defeat of Congressman Hepburn of Iowa, long chairman of the commerce committee of the house of representatives, has aroused some comment as to his availability as secretary of commerce and labor. The committee of which Mr. Hepburn is the head had much to do in creating the department of commerce, and his name has been identified with most of the measures of commerce enacted into law within recent years. The mention of his name is purely accidental, however, from the fact that his defeat for congress removes him on March 4 next, the date that Mr. Taft will be inaugurated.

As to the agricultural department, the slate-makers assume that an agriculturist will be named, and as Secretary Wilson comes within that class and has held the agricultural portfolio through several successive administrations, as well as being a close associate of Mr. Taft, there is a disposition to include his name in the list of continuing cabinet possibilities.

It is assumed pretty generally that Mr. Taft will look to his own state for some of his cabinet material, and this leads to conjectures concerning ex-

Governor Herrick of Ohio, whose name has been suggested in connection with the secretaryship of the treasury. Ex-Governor Herrick has long been identified with financial affairs, has taken an active interest in measures of governmental finance, and has been vice president of the American Bankers' association. The name of A. B. Hepburn of New York is also mentioned. Mr. Hepburn was formerly superintendent of the banking department of New York state and was later controller of the currency.

The navy and interior portfolios also come in for attention from the guessers. In fact, the capabilities and availability of most men in public life are just now being scanned with reference to fitting them into the various places of this problematical cabinet list. Among those referred to in a general way are two who have been actively engaged on Mr. Taft's advisory campaign committee, Senator Murray Crane of Massachusetts and Chas. F. Brooker of Connecticut, and the active head of the organization of Republican clubs, John Hays Hammond. The position of the last named as a mining engineer leads to conjecture about his availability for head of a department of mines if this long-contemplated legislative project is ever realized. However, these latter names, and indeed all of them, are entirely the product of the active and fertile slate-makers, whose zeal is stimulated with unfailing regularity on the morrow of a change in the presidency.

HADLEY WINS MISSOURI

Republican Governor for First Time in Thirty-Five Years.

St. Louis, Nov. 5.—Returns compiled this morning from every county in the state give Bryan a lead over Taft in Missouri of 67 votes. Complete returns from certain missing precincts may change the result one way or another, and it is probable that the official count alone can determine whether Missouri has given its eighteen electoral votes to Bryan or to Taft. The same tables which give Bryan a lead of 67 votes, give Hadley for governor a lead of 15,148, making his election over W. S. Cowherd an absolute certainty. This is the first time in nearly thirty-five years that Missouri has elected a Republican governor. Indications still are that the Democrats will control the legislature on joint ballot by four or five votes.

STARTLING NEW EVIDENCE

State Says It Will Produce It in the Guinness Case.

Laporte, Ind., Nov. 6.—Whether Mrs. Bella Guinness is alive or whether she died in the fire that killed her three children, is the question that proves most interesting at the trial of Ray Lamphere, which will begin here next Monday.

Lamphere is charged with the murder of Mrs. Guinness and her children. His attorneys declare that they will

disprove the charge against him by proving that Mrs. Guinness is alive. They declare that three people in Laporte saw the woman on July 9. The murder for which Lamphere is held was committed in April.

The story of the fifteen murders at the Guinness farm will be retold at the hearing. Attorneys for the defense say they have discovered startling evidence. The prosecution declares that new evidence connecting Lamphere with the atrocities of the murder farm will be introduced.

Bryan Also to Take a Rest.

Lincoln, Neb., Nov. 5.—While not caring to discuss at this time the political effect of the Democratic victory in his home state or analyze the causes, William J. Bryan, in an informal talk to a number of friends who called on him, expressed his pleasure at the result in Nebraska and the satisfaction it afforded him to learn of the election of so many of his political and personal friends.

A delegation numbering nearly a hundred from Lincoln visited Mr. Bryan at Fairview to express to him their confidence and devotion to him and to assure him that such was the sentiment of a majority of his city and state. The defeat he sustained Tuesday did not weigh heavily on Mr. Bryan. He was one of the most cheerful of those at his home and laughed and joked good-naturedly with his visitors. Last night Mr. Bryan was the guest of honor at the banquet of the State Teachers' association, where he made a short address. He has no other immediate plans than to rest at home following his canvass.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol For Dyspepsia

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol relieves Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

ADLAI E. JUST CAN'T GIVE UP

Defeated Candidate in Illinois Will Contest Ballot.

CHARGES AN UNFAIR COUNT

In a Formal Statement the Chairman of the Illinois Democratic State Committee Declares That Errors in the Count Have Been Discovered Which if Carried Out Throughout All the Voting Precincts of the State Will Give Mr. Stevenson a Plurality of the Votes Cast in Tuesday's Election.

Chicago, Nov. 7.—The election of Governor Charles S. Deneen to serve another term as Governor of Illinois will be contested by his defeated Democratic rival, according to a signed statement issued by Charles Boesch-

ADLAI E. STEVENSON.

enstien, chairman of the Democratic state central committee. The statement follows:

"I am convinced that with a correct count and an honest canvass Adlai E. Stevenson has a plurality of the vote cast in the election last Tuesday for governor of Illinois. We will demand that the ballots be recounted. The demand for a recount will be upon the legislature, as provided for in the statutes."

Governor Deneen's plurality is estimated at from 22,000 to 26,000. Ben H. Atwell, secretary to Chairman Boeschstein, explained that errors in the count had already been discovered in several precincts, and it was calculated that if only three ballots in each of the 4,040 voting precincts in Illinois were taken from Deneen and given on recount to Stevenson the latter would be found to have won the election.

IMPRESSIVE CEREMONIES

Marked Unveiling of Tippecanoe Monument Today.

Lafayette, Ind., Nov. 7.—The formal dedication of the beautiful monument on the Tippecanoe battlefield at Battleground occurred today in the presence of a large throng of spectators and amid impressive exercises. Today is the 97th anniversary of the famous battle. The battlefield is profusely decorated with flags and bunting. Only the statue of General Harrison was veiled. Miss June Wallis of Battleground drew the cord unveiling the monument. Job S. Sims, chairman of the monument commission and president of the Battleground Memorial association, presented the monument to the state and nation. Governor Hanly accepted in behalf of the state, and General Luke Wright, secretary of war, in behalf of the nation.

Started Fire With Coal Oil.

Swan Lake, Kan., Nov. 7.—The home of E. W. Carey, a farmer living a few miles south of here, was destroyed by fire and Mrs. Carey, five children, and Miss Gillespie, a young school teacher, who was staying over night with the family, perished in the flames. Mr. Carey was so badly injured that he cannot recover. The fire was caused by Carey lighting the kitchen stove with coal oil.

Facts Promised Soon.

Rome, Nov. 7.—The Duke of the Abruzzi, annoyed by the discussion of his reported engagement to Miss Katherine Elkins in both the American and Italian press, speaking to his aide, said that facts soon would cut short the gossip. The duke's valet has been ordered to make preparations for a journey.

The commissary of the isthmian canal commission will be maintained at Panama and Colon without regard to protests that have been made from merchants in favor of restricting the operations of the commissary.

The general committee of foreign missions of the Methodist Episcopal church is in session at St. Louis.

Carpenter to Succeed Loeb.

Cincinnati, Nov. 7.—President-elect William H. Taft, Mrs. Taft and Fred W. Carpenter, private secretary, left this city last night for Hot Springs, Va., where Mr. Taft will remain for rest and recreation until Thanksgiving. While no official announcement has been made, it is known upon reliable authority that Fred W. Carpenter, who has been Mr. Taft's secretary for many years, will be the secretary to the president, succeeding in that position William Loeb, jr., who, it is also stated, may have the position of secretary of the navy in the Taft cabinet, if he so desires.

INDUSTRIAL SKIES RAPIDLY CLEARING

Hundreds of Thousands of Men Soon to Return to Work.

New York, Nov. 7.—The National Association of Manufacturers publishes in the current issue of its official magazine a continuation of the statements on the conditions contributed by its 3,000 members, representing every branch of industry. The first series of these statements, showing improvement in commercial conditions, appeared in the Oct. 15 issue of the magazine. The series now published indicates a continuation of this improvement, and for the most part an optimistic view of the business outlook.

Telegrams were also sent prior to the election to a number of the association's members asking them to state specifically how many workmen would be added to their present force by Dec. 1 if nothing occurred to shake commercial confidence. A resume of the information contained in these replies is also given in the magazine as follows:

"The percentage of replies received indicate that an average of 135 men each will be added to the majority of manufacturing plants in the association by Dec. 1. The percentages show that at least one-half of the 3,000 members of the National Association of Manufacturers expect to add to their present force more than 200,000 workmen."

"Taking this as a basis," says the article, "it is safe to assume that the 13,000 manufacturing plants, which, according to the census of 1900 employed an average each of 100 men or over, will add at least 50 per cent to their present force, making a total in round figures of 650,000 men. In other words, with the continuance of business confidence, the important manufacturing interests of the country will be enabled to increase their present force by more than half a million workmen to meet the market demands for their products."

Another Banker Sentenced.

Mays Landing, N. J., Nov. 7.—Robert Ohmels, jr., of Atlantic City, who some time ago pleaded guilty of embezzling \$20,300 from the Marine Trust company of that city, has been sentenced to two years in state prison.

ASK THE KAISER TO ABDICATE

German Emperor's Long Tongue Gets Him Into Trouble.

CAUSE OF SERIOUS CONCERN

Utterances of German Ruler Not Infrequently Have Brought the Foreign Politics of That Country Into a Difficult Situation, the Latest "Interview" in Particular Having Been Such as to Make the Judicious Grieve, Hence Kaiser Is Aoked to Step Down From the Throne.

Berlin, Nov. 7.—The German Conservative party, representing the most loyal section of the German people, has issued an official declaration concerning the interview given to an official representative Englishman by Emperor William and published in the

EMPEROR WILLIAM.

London Telegraph recently. The declaration expresses serious concern "that not infrequently the utterances of his majesty bring our foreign politics into a difficult situation," adding:

"In order that the emperor's reputation may be preserved from criticism and discussion and the German empire and people from complications and harm, we express the reverential wish that greater reserve be displayed in future in making such utterances."

The declaration is formally signed by Baron Von Manteuffel, president of the party, and ten of its principal leaders. Maximilian Harden, editor of Die Zukunft, speaking last night on the political situation to a large crowd of auditors, called upon Emperor William to abdicate, saying that his grandfather thought of doing so on less critical occasions for which he was responsible.

Good Effect Expected.

Vienna, Nov. 7.—Emperor William of Germany has arrived here on a brief visit to Emperor Francis Joseph. The coming of the emperor is regarded as a demonstration of German good will toward the Austrian attitude on the near Eastern question, and the public turned out in large numbers to cheer his majesty.

TWO HELPFUL FACTORS

The Election Results and Seasonable Weather Give Trade a Boost.

New York, Nov. 7.—Bradstreet's weekly review of trade today says: Election results and the advent of more seasonable weather in some sections of the country were helpful to trade this week, and except in parts of the South, where the holding of cotton interfered, collections also have shown improvement. In wholesale and manufacturing lines the tone of business shows most marked improvement. Orders which were conditioned on election results have been confirmed and many new ones placed, the net result being an enlargement of the volume of business at first hands over recently preceding weeks. Many industrial concerns have announced an increase of capacity and of running time and sales of pig iron, structural material, cotton goods for spring and re-orders for fall and spring wear woolsens, shoes and other lines have been enlarged.

Morse Given Fifteen Years.

New York, Nov. 7.—Charles W. Morse was sentenced to serve fifteen years in the federal prison at Atlanta, Ga., for misapplication of the funds of the National Bank of North America, and making false entries in the books of the bank. Alfred H. Curtis, former president of the defunct bank, who was jointly tried and convicted with Morse, was given his liberty on a suspended sentence. Morse's lawyers immediately applied for and secured a stay of execution for ten days.

Uncle Sam Takes a Hand.

Nashville, Tenn., Nov. 7.—A special representative of the postoffice department has reached Union City to investigate the matter of the anonymous threatening letters recently sent Governor Patterson and the gentlemen connected with the ownership of Reelfoot lake.

MORE MIXED PICKLES

Democrats and Republicans Will Share Offices in Nebraska.

Lincoln, Neb., Nov. 7.—William J. Bryan has carried Nebraska by a plurality of 4,500, according to unofficial

A. C. SHALLENBERGER.

returns from all the counties. Ashton C. Shallenberger (Dem.) is elected governor by 7,500.

Returns practically complete from half the counties in the state warrant the belief that the Republicans have elected the state treasurer, state auditor and attorney general, with a good chance for railway commissioner. Forty-seven of the ninety counties give Barton (Rep.) for auditor a lead of 2,107; Brian for treasurer, 6,171, and Thompson for attorney general, 1,236. Williams for railway commissioner is \$03 behind his Democratic opponent.

Missouri's Vote.

St. Louis, Nov. 7.—Returns compiled by the Republic give Taft the electoral vote of Missouri by a plurality of 2,182 over Bryan. These returns are complete from all but three of the 114 counties of the state and include estimates based on partial returns from the missing counties. The plurality of Hadley, Republican, for governor, is now placed at 17,651.

Maryland's Vote Divided.

Baltimore, Nov. 7.—Calculations of the official returns from Tuesday's election show that the electoral vote of Maryland will be split, Bryan getting six of the electors and Taft two. On the popular vote—the vote cast for the elector receiving the highest number—Taft carries the state by 561 votes.

West Virginia's Vote.

Wheeling, W. Va., Nov. 7.—The Taft victory in West Virginia has grown to a plurality of between 26,000 and 27,000 over Bryan, while the plurality of Glascock, Republican, for governor over Bennett, is over 12,000 and may reach 13,000.

Horrid Crime at Pittsburg.

East Pittsburg, Pa., Nov. 7.—His wife lying on a bed, her throat cut from ear to ear; his six-year-old adopted daughter near by with her head almost severed; a razor dripping with blood, on the bed beside the dead woman, and great crimson splashes over the room, was the ghastly sight which confronted William Casey when he returned to his home in East McKeesport early today. The scene of the tragedy was a room occupied by George Hartzell, Casey's son-in-law, whose wife was mysteriously killed a year ago. Hartzell was missing when the murder was discovered, but later he was found unconscious in a trunk near the bodies, a chloroform bottle at his nostrils, and he died in a short time. He was under suspicion when his wife was found dead, but for lack of evidence was discharged.

Steps are to be taken in the early future which it is believed will heal the breach between the farmers' unions throughout the South and the various cotton exchanges.

OFFICIAL COUNT ALONE TO DECIDE

Mixed Result on State Ticket Still Apparent.

REPUBLICANS CLING TO HOPE

The Tabulated Vote of Seventy-Five Counties, So Far as Completed, Give Sims and Hadley a Clear Lead and It Is Believed That Other Names on Ticket Will Follow Well Along With These, Giving Republicans a Majority of the State Offices.

Indianapolis, Nov. 7.—The Democrats confidently lay claim to the election of their entire state ticket by pluralities ranging from 1,000 upward. On the other hand the Republicans say "Wait and see. The official count is not yet in." They still cling to the hope that they may be able to save at least something out of the wreck, though they are apparently not confident of anything.

On the face of official returns from seventy-five counties received at the secretary of state's office, it is said that Sims (Rep.) for secretary of state has a plurality of about 200 and that Hadley (Rep.) for treasurer, has a plurality of 250 or 300. The count on the balance of the ticket was not tabulated. The Democrats claim, however, that these figures will be overcome by the returns from the remaining seven counties. It was said at the office of secretary of state that the last of the official returns from the election would not be received until late this afternoon. And it was believed that the result as to the state ticket would not be known until the last county should be heard from.

When the Democrats learned that the result was in doubt they got busy and appointed a committee, consisting of Congressman Lincoln Dixon of the Fourth district; Bernard Korbly, Democratic chairman of the Seventh district; and "Bud" Swift of Kokomo, former city clerk of Indianapolis, to remain at the office of the secretary of state and watch the tabulation of the official vote.

The Democrats received returns from county chairmen in all the counties at the state headquarters in the Pythian building and the Republicans received them at the office of Attorney General Bingham at the state house. There was practically no difference in the vote as it was received at the two places. No attempt was made to total any vote except that for secretary of state, however, for it was believed that whatever the figures showed on that fight would also be shown for the other offices. When the returns from eighty-two counties were received at the Democratic headquarters they gave Cox (Dem.) for secretary of state a plurality of 491.

At that time these counties were still to be heard from by the Democrats: Jackson, Kosciusko, Marshall, Monroe, Pike, Putnam, Randolph, Tipton, Vigo and Wabash. Returns from these counties had been received by the Republicans at the attorney general's office. They gave Cox 508 additional plurality. This, added to the 491 for Cox shown by the returns from the eighty-two counties at the Democratic headquarters, gave Cox an unofficial total plurality of 999. And it was believed that the official returns, when received from all the counties and tabulated at the office of the secretary of state, would bear out this result. Sims, however, was not the highest man on the Republican state ticket. It was believed that Oscar Hadley for state treasurer, John C. Billheimer for auditor of state, Fremont Goodwine for lieutenant governor, J. L. Peetz for state statistician, Quincy A. Myers for supreme judge and David A. Myers for appellate judge, were running ahead of Sims, and if this is found to be true they may pull through and win.

It was believed, too, that James Bingham for attorney general, Lawrence McTurnan for superintendent of public instruction and George Self for reporter of the supreme court were running behind Sims, and that they probably were defeated. But as no totals had been made of any candidates except Cox and Sims, this part of the story was still up in the air.

There was, therefore, still a strong likelihood of a mixed result. This was the best the Republicans were hoping for, and it was more than the Democrats were willing to admit.

Baldwin and Dague Indicted.

Kentland, Ind., Nov. 7.—Judge Daniel P. Baldwin of Logansport and William H. Dague of this city have been indicted by the Newton county grand jury on two counts each, both charging embezzlement. The indictments grew out of their connection with the Goodland bank, which was closed by State Auditor Billheimer last year.

INDIANA'S LOST PRESTIGE

Congressional Landslide Loses State Important Posts in Congress.

Indianapolis, Nov. 7.—What Indiana has lost in the national congress in prestige and influence by the result of the election is a matter of general comment among politicians. By the defeat of Hemenway the state will lose representation in the senate committee on appropriations. The state lost the corresponding place of influence in the house by the death of Representative A. L. Brick. So Indiana probably will not be represented in either appropriations committee in the next congress. Representative Charles B. Landis was in line for the chairmanship of the house committee on foreign affairs, to succeed Robert G. Cousin of Iowa, who retires with this session. Landis is now at the head of the committee on printing. The committee rank he held was attained as the result of years of service. Jesse Overstreet, who is at the head of postoffices and postroads, having been defeated, the state will lose that chairmanship. Representative Crumpacker is chairman of the committee on census. It has been suggested that he be made chairman of the committee on judiciary to succeed Jenkins of Wisconsin, who was defeated for renomination. This would be in line with his ambitions. The retirement of James E. Watson will lose Indiana a place on the ways and means committee equal in importance to a chairmanship.

John Kern is a receptive candidate for the United States senate to succeed James A. Hemenway. Ex-Auditor of State Oscar Henderson, who will be one of Mr. Kern's most active backers in the senatorial race, said: "Mr. Kern has been fighting the battles of Democracy since 1870. Now that there is a chance to elect a senator the Democracy owes it to this veteran to name him. The younger Democrats can well afford to wait. Their turns will come later. If the people of Indiana were to name the senator by direct vote there would be an overwhelming verdict in Mr. Kern's favor." To prove his point Mr. Henderson, in the presence of a group of politicians standing at the entrance of the Denison House, stopped several passers-by and asked them their preference for senator. In every instance Mr. Kern was the choice. "Didn't I tell you?" asked Mr. Henderson, with a look of triumph. Among the avowed and probable aspirants for the senatorial toga are Benjamin F. Shively, John E. Lamb, L. Ert Slack, Thomas Taggart, Daniel Sims, Samuel Ralston and Edward Huffman. Several of the senatorial aspirants will open headquarters soon in Indianapolis, and the fight will then be on in earnest.

SATURDAY, NOVEMBER 7, 1908.

TAFT's electoral vote will be almost as great as that of Roosevelt in 1904.

PRERIDENT-ELECT TAFT has gone to Hot Springs, Virginia to take a much needed rest.

THE loss of a half dozen republican congressmen in the state will lessen the prestige of Indiana at Washington.

IT is a trying time for Henry Waterson. He is laboring to explain results. He might explain why Bryan did worse when he had Waterson's support than when he did not have it.

GOMPERS known now that he is not the whole thing among the union labor men. The laboring people have ideas of their own and do not take political orders anybody.

FIRST the democrats on the state ticket other than Marshall thought they were defeated, then they thought they were elected and last they thought they were defeated. It has been a case of hot and cold with them.

IN 1896 Bryan was defeated by a popularity plurality of 600,000, in 1900 by 800,000 and in 1908 by 1,000,000. At this ratio figure up what it will be the next time and then the next.

THE industrial news shows conclusively that the election of Taft has started business on the up-grade and it will not be long until all the men who have been out of employment will be at work again.

VERMONT has followed the example of the West in ignoring the idea of panic. During the last twelve months savings deposits in Vermont have increased \$3,000,000 or nearly \$10 for every inhabitant of the state.

THE defeat of Judge Artman, of Lebanon, for circuit judge was a surprise to a great many people over the state. He knows now that a lot of professed temperance men in Boone county did not vote for him.

IF Tom Taggart wants to go to the United States senate he will be able to force his election. He will control the majority of democrats in the legislature and either he will be chosen or the man he is for will be successful.

CINCINNATI gave Taft a heavy majority and gave Harmon, democratic candidate for governor, 24,000 majority. Those forecasters who contended that Taft would not carry his own city did not know anything whatever about it.

SOME of the southbound trains on the Pennsylvania line were late again this morning but most of the other trains ran near their schedule all day and carried more passenger than for several days.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It is almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

First Baptist Sunday School.

The First Baptist Sunday School will meet in departments tomorrow morning. The senior and intermediate departments will assemble in the church auditorium in charge of the Superintendent. The junior and primary departments will assemble in the Sunday School room in charge of Miss Huckleberry. After the lesson study the entire school will assemble in the main room for closing exercises. This means an entire rearrangement of the Sunday School. Teachers and pupils are requested to come early that they may learn their new locations in time for prompt opening.

How to Cure a Cold.

Be careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which show conclusively that it is a certain preventive of the dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by C. W. Milhous.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—your mother, your sister, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White Discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles, where caused by weaknesses peculiar to our sex. I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and earn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharges, Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you of sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours. Use the book. Write today, as you may not see this offer again. Address MRS. M. S. HUMMERS, Box 11, Notre Dame, Ind., U. S. A.
